

SSX News Release: Market Summary for Feb 16th, 2007

Thursday 21:47 EST

Bialik Press

By: Mordy Antal

Breaking News: Extremely heavy trading saw all companies on the BSE-12 sell out with the market hitting all time highs in terms of overall capital raised. Computer systems were overwhelmed by buy orders and stock sells continued to be posted in intra-day trading on the big boards. Eight teams sold out on the first day and the four remaining teams also joined the “sell out club” by the end of the second day trading session.

Coming off a negative court case over trademark rights, the newly re-named team of **Arriba! Arriba!** made a siesta of the competition with strong cross border sales. The **BHOW** (Bialik House of Waffles) had syrup falling over all sides as the investors reacted to an effective advertising campaign with shouts of “we like waffles” cascading across the cafeteria – rofl. The **Brownie Factory** had all their widgets in place as the market waited for news on their capital investments and construction of new production facilities. **Candyland** made a sweet impression with a wide range of confectionary investments. Les boys at **Cawy’s Gwill** smoked all teams with a strong showing and a high share price throughout the two days of trading.

Cookie monsters ate up investors who saw snack potential in their baked offerings. **Edgy Veggies** tossed up a winner with the market nibbling away at their shares. **Frosted Conecakes** convinced investors to put the icing on the cake. **Java Ju** cooked a hot and crispy investment package. **Pass-da Pasta** noddled away at the market as investors turned to both their sample products and sauced-up shares. The grass skirts swayed in the wind as **Tiki Love Juice** was able to luau all their shares. They say an apple a day keeps the Revenue Quebec away, but with carmel and chocolate apples the **Tree of Forbidden Fruit** was able to entice investors to take a bite of their company.

Overall all teams made a strong performance during two days of trading and now face the challenge of getting everything in place for the upcoming selling days. An analysis and in depth profile of some of this years BSE-12 teams will be featured in upcoming editions of this report.

Everyone is invited to the product selling on **March 6th, 7th, and 8th** during the junior and senior lunch periods when this year’s teams will be offering up a host of lunch time specials.
